# ABOUT US

We are an India based carpet export company focused on delivering high quality carpets to clients around the world. Beyond exporting our own carpets, we also provide professional carpet export services for individuals and businesses who want to sell carpets internationally but need reliable guidance and execution.

We're actively involved in the carpet export business and personally manages international exports. This hands on experience allows us to understand real market demands, quality expectations, and export requirements, which we now use to help others grow in the global carpet trade.

We work with trusted manufacturers and artisans to ensure every carpet meets international standards in design, durability, and finishing.

# EXPLORE OUR CARPETS
